TZU CHI x PaGamO

ENVIRONMENTAL EDUCATION E-SPORTS WORLD CUP

SINGAPORE, 9 SEPTEMBER 2021: With the world facing a serious threat from the COVID-19 pandemic, coupled with various environmental problems such as climate change and man-made environmental pollution, an urgent need to promote “environment and crisis defence education” has arisen in recent years. Therefore, Tzu Chi Foundation, in collaboration with BoniO Inc. combined with the [PaGamO online gamification learning platform](#), has launched an online gaming competition across six countries to raise awareness regarding the knowledge of this subject. The countries involved are namely Singapore, Taiwan, Malaysia, Indonesia, United States and Canada.

Through the combination of online as well as offline experimental and interactive learning, the hope is that this will be translated into actual actions among the participants later on. By answering questions in the online game, players will be able to acquire knowledge and thus build up their understanding, skills, attitudes and values on environment and crisis defence.
